

MATERIAL SAFETY DATA SHEET

PRO SOLV GEL

Date Revised: 07-16-2004

SECTION 1 – MATERIAL AND MANUFACTURER IDENTIFICATION

Product Identifier: Pro Solv Gel
Product Use: Tar, Grease, Gum removal

MANUFACTURER

CTI (Chemical Technologies International Inc.)
P.O. Box 968
Rancho Cordova, CA 95741
Phone: (916) 638-1315 Fax: (916) 638-1315
Emergency Assistance Calls: Chemtrec (800) 424-9300

SECTION 2 – HAZARDOUS INGREDIENTS

<u>COMPONENT</u>	<u>CAS #</u>
------------------	--------------

PROPRIETARY SOLVENT BLEND

(SEE SECTION 8 FOR EXPOSURE GUIDELINES)

SECTION 3 – HAZARD IDENTIFICATION – POTENTIAL HEALTH EFFECTS

Emergency Overview

Clear gel with light solvent odor.

Irritating to respiratory and digestive tract, acute nervous system, eyes and skin, harmful if swallowed.

Potential Health Effects

Routes of entry: (skin: yes) (inhalation: yes) (ingestion: yes) (eye: yes)

Inhalation:

Not likely to cause a problem when used as directed in limited quantities.

Excessive inhalation can pose serious health risks. Concentrations of 200ppm can cause dizziness. 1000 ppm can cause unconsciousness and death.

Eye Contact:

Vapors may irritate eyes. Direct or prolonged contact with eyes will be painful and irritating may also cause possible permanent damage.

Skin Contact:

Repeated exposure may cause skin irritation, drying, chapping.

Ingestion:

Single small dose oral toxicity is considered to be low. (small amounts swallowed incidental to normal handling are not likely to cause injury. Larger amounts can be harmful. If aspirated (liquid enters the lung) may be rapidly absorbed and result in damage of other body parts.

Chronic effects: Not established.

SECTION 4 – FIRST AID MEASURES

Inhalation: Remove to fresh air. If breathing is difficult, have trained person administer oxygen. If breathing stops administer artificial respiration. Get medical attention immediately.

Eye Contact: Immediately flush eyes with a directed stream of water for at least 15 minutes, forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. Washing eyes within several seconds is essential to achieve maximum effectiveness. Get medical attention immediately.

MATERIAL SAFETY DATA SHEET

Skin Contact: Flush thoroughly with cool water while removing any contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if irritation persists after washing.

Ingestion: Get medical attention immediately..

SECTION 5 – FIRE FIGHTING MEASURES

FLASH POINT: Greater than -4F closed cup

FLAMMABLE LIMITS: (based on most flammable ingredient of this mixture) in air LED 2.5 UEL 12.8

General Hazard:

During a fire smoke may contain the original material in addition to toxic and or irritating compounds. Avoid heat sparks or open flame. Carbon oxides formed when burned. Highly flammable vapors, which are heavier than air may accumulate in low areas and/or spread along ground. Contents of this mixture may cause a floating fire hazard.

Fire Fighting Instructions:

Use dry chemical or CO₂. Use water (only to cool) nearby containers and structures exposed to fire. Direct water stream may spread fire. Keep people away from fire, isolate fire area and deny unnecessary entry.

Fire fighting equipment:

Fire fighters should wear a self contained, positive pressure breathing apparatus and full protective clothing (NICSH/MSHA APPROVED).

Hazardous products released:

Hazardous combustion products may include and are not limited to carbon oxides.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Waste disposal must comply with federal, state, and local disposal and discharge regulations.

Small Spills: Wipe or mop up and dispose of in DOT approved waste container.

Large Spills: Contain by diking with soil or other non-combustible absorbent material, then dispose into DOT approved waste container. Comply with all applicable governmental regulations on spill reporting, handling and disposal of waste.

Contain all spills or leaks to prevent discharge into the environment. All spills or releases should be reported to the appropriate local, state and federal agencies.

SECTION 7 – PRECAUTIONS FOR SAFE HANDLING AND STORAGE

The manufacturer and seller warrant that this product conforms to its standard specifications when used according to directions. As the conditions of method of its use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for use of this product. Information contained herein is believed to be true but all statements and suggestions are made without any warranty, expressed or implied, regarding accuracy of the information. The hazards connected with the use of this material and the results to be obtained from the use thereof.

For use by professionals ONLY.

Avoid breathing vapors of this product.

Always ensure good ventilation of surroundings during use of this chemical. Do not use this chemical in a poorly ventilated area.

Always keep container tightly closed and properly labeled.

Avoid contact with skin, eyes or clothing.

Wash thoroughly after handling

Loosen closures cautiously.

MATERIAL SAFETY DATA SHEET

Storage temperature: store in cool dry place. Fumes can travel...Store away from any potential ignition sources.

Storage pressure: Atmospheric

Avoid excessive heat.

Avoid storage with oxidizing or reducing agents.

SECTION 8 – EXPOSURE / PERSONAL PROTECTION

<u>CAS#</u>	<u>OSHA STEL</u>	<u>OSHA PEL</u>	<u>ACGIH TLV</u>	<u>ACGIH CEILING</u>
Solvent Blend	Not Established	Not Established	Not Established	Not Established

Respiratory: These precautions are not usually necessary in adequately ventilated areas. Wear NIOSH/MSHA approved respirator when ventilation is not adequate. A NIOSH /MSHA –approved air purifying respirator with an organic vapor cartridge or canister may be advisable under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirators is limited. Use a positive pressure, air supplied respirator if there is any potential for uncontrolled release, exposure levels are unknown, or any other circumstances where air-purifying respirators may not provide adequate protection.

Ventilation: Always assure adequate ventilation.

Eye Protection: Wear safety goggles to protect against contact when appropriate.

Skin: Wear protective clothing to minimize skin contact. Wash skin after use. Wash contaminated clothing and dry before reuse.

Other:

One should always use chemicals with an awareness of the potential hazard of the effect on the human system. To minimize employee exposure to all chemicals, including this product, use good industrial hygiene practices.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

APPEARANCE: Clear gel

PH: 7.0

Vapor pressure: not available

Vapor density: not available

Boiling point: > 200 F

Freezing/Melting point: N/A

Solubility in water: miscible

Density:

Flammability: Flash point > -4F

Particle size: N/A

Evaporation rate: not available

Viscosity: Thick gel

SECTION 10 – STABILITY AND REACTIVITY

Chemical Stability: Stable under ambient temperature and atmospheric pressure. Stable under recommended storage and handling conditions.

Conditions to avoid: Keep away from heat or ignition source.

Incompatibility with other materials: Although the mixture has no known incompatibilities, some components of this mixture are not compatible with oxidizing materials.

Hazardous decomposition products: There are no known hazardous decomposition materials of this mixture, some components of this mixture may liberate oxides of carbon.

Hazardous polymerization : Major components of this mixture show no hazardous polymerization.

MATERIAL SAFETY DATA SHEET

SECTION 11 – Toxicological Information

Toxicological information not available on this mixture

Section 12- Ecological Information

Ecological information not established on this mixture.

Section 13- Disposal practices

Dispose of all waste, empty bottles and contaminated equipment in accordance with all applicable federal, state and local health and environmental regulations.

Do not dump into storm drains, sanitary sewers or any body of water. All disposal methods must be in compliance with all federal, State/ Provincial and local laws and regulations. Regulations may vary in different locations.

Waste characterizations and compliance with applicable laws are the responsibility solely of the waste generator. The vendor has no control over the management practices or the processes by which the party who handles or uses this material. The information presented here pertains only to the product as shipped in its intended condition and recommended usage.

Section 14- Transport information

Shipping Instructions as shipped are: ORMD/LTD QTY Exemptions Used 173.120, 173.121, 173.150(B&C) LTD QTY & ORM-D

Consult 49 CFR to assure compliance with all applicable federal, state/provincial and local laws and regulations that may apply to you.

Section 15- Regulatory Information

ENVIRONMENTAL LAW DATA: NONE AVAILABLE, **CLEAN AIR ACT DATA:** NONE AVAILABLE, **CARINOGEN STATUS:** OSHA: NO, IARC RATING:3, NTP RATING: NONE. **NFPA RATINGS:** NONE AVAILABLE, **LIST 49:** HEALTH: NO DATA, **FLAMABILITY:** NO DATA, **REACTIVITY:** NO DATA.

ENVIRONMENTAL LAW DATA: NONE AVAILABLE, **CLEAN AIR ACT DATA:** SOCM1 CHEMICAL: YES, **HAP CODE:** XOY, **CARINOGEN STATUS:** NO DATA AVAILABLE, **NFPA RATINGS:** HEALTH: 2, **FLAMMABILITY:** 3, **REACTIVITY:** 0, **LIST 49:** HEALTH: NO DATA, **FLAMABILITY:** NO DATA, **REACTIVITY:** NO DATA.

MATERIAL SAFETY DATA SHEET

Section 16- Other Information

All information appearing herein is based upon data obtained from the manufacturer and /or recognized technical sources of each individual component. While the information is believed to be accurate, CTI makes no representations as to its accuracy or sufficiency. Conditions of use are beyond CTI's control and therefore users are responsible to verify this data under their own operating conditions to determine whether this product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance on information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.
